

MIRROR SHIELD™

A PACKAGING SOLUTION FROM ASI

Products damaged during shipping or on-site storage will add unnecessary costs and delays to even the best managed building projects. Often, the added expenses exceed the cost of the damaged product itself.

To protect our customers, ASI has developed **Mirror Shield™** packaging, an extra-strength, double-pack packaging system specifically designed to protect against damage caused by improper handling by freight carriers and field personnel.

All mirror products listed on the chart below that are shipped via UPS or FedEx are specially packed in the ASI Mirror Shield packaging to help assure timely, damage-free delivery. The \$9-per-unit surcharge is automatically added to the freight charge during the quoting process at the order stage.

ASI's mission is *To Make Our Customer Successful by Providing Value That Exceed Price, and an Excellent Service Experience.* Mirror Shield is another example of our commitment to this mission, and another reason why ASI is your first choice in washroom accessories.
